EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In The Claims

Claim 27 is amended as follows:

27. (currently amended) A system according to claim ~~26~~ 25 wherein the interface means allows the end-user to dynamically customize timing of the feedback provided to the bidders during the auction.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Applicants' amendments and remarks filed May 12, 2010, are responsive to the decision of the Board of Patent Appeals and Interferences dated March 12, 2010, affirming in part and entering new grounds of rejection. Claims 11-14, 16-21, and 23-36 were previously pending. Claims 13, 17-21, 23-24, and 26 have been cancelled and claims 11-12, 14, 16, and 25 are amended.

Response to Amendment

Pertaining to remaining rejection under 35 USC 101 following the decision

Claims 11-14 and 16 were rejected under 35 USC 101. Claim 13 has been cancelled and claims 11-12, 14, and 16 have been adequately amended to overcome this rejection.

Pertaining to remaining rejection under 35 USC 102(b) following the decision

Claims 23-24 were rejected under 35 USC 102(b). Claims 23-24 have been cancelled. This rejection is therefore moot.

Pertaining to remaining rejection under 103(a) following the decision

Claims 11-12, 14, 16-21, 25, and 28-36 were rejected under 35 USC 103(a). Claims 17-21 have been cancelled rendering the rejection moot with regard to those claims. Independent claims 11 and 25 have been amended to overcome this rejection by incorporating subject matter that the Board of Patent Appeals and Interferences indicated would be allowable. All remaining claims depend from claims 11 and 25. This rejection has therefore been overcome.

Response to Arguments

Pertaining to remaining rejection under 103(a) following the decision

Applicants' arguments, see remarks filed May 12, 2010, with respect to the features incorporated into claims 11 and 25, have been fully considered and are persuasive. Applicants specifically refer to the indication by the Board of Patent Appeals and Interferences in the decision dated March 12, 2010, that those features

Art Unit: 3625

would be allowable, and further emphasize the absence of those features from the prior art. The specific features are: in claim 1, allowing the end user to change selection of feedback rules for the online auction during the online auction, and in claim 25, wherein the interface means allows the end-user to dynamically customize feedback provided to the bidders during the auction. The rejection of claims 11-12, 14, 16, 25, and 28-36 has been withdrawn.

Allowable Subject Matter

3. Claims 11-12, 14, 16, 25, and 27-36 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ADAM LEVINE whose telephone number is (571)272-8122. The examiner can normally be reached on M-F, 8:30-5:00 Eastern.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jeffrey A. Smith can be reached on 571.272.6763. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
